

Geschichten, die das Arbeitsleben schreibt

Dear Veronika*,

sorry i can't follow you ...

-- snip

```
select z34_rec_key from uwb60.z34 order by z34_rec_key desc;
```

-- snap

show me

-- snip

...

0216795

0216796

0216797

0216798

0216799

0216800

126022 rows selected.

-- snap

That means thas 126022 written und 216800 is the highest number.

That didn't match with „... not able to create more than 9,999,999 records...“

Beside this we **don't** have the Statistiks ENABLED.

-- snip

OWNER	TABLE_NAME	NUM_ROWS
STATTYPE_LOCKED	analyzed	
----	-----	
-----	-----	
UWB60	Z34	ALL

– – -snap

So were comes the Ora Error ...

Best Regards,

Tom*
